Nathan Krampitz, Retired

Pray for Nathan Krampitz who is in the hospital in Hamilton, Ontario. He had a heart attack on Thursday, and after running various tests, he is on medication and has not experienced any more pain. The doctor determined that he needs an angiogram and possible stents. This is a high-risk procedure due to the condition of his kidneys. Without this procedure, he would continue to have pain and would continue to need to come to emergency with more severe heart issues. Pray that he would be scheduled soon for the procedure. He should know more on Monday. Nathan is at peace with this decision and feels it is the right thing to do.

Pray for Larry and Susan as they drive to Hamilton on Monday to spend time with Nathan. Pray for son Paul as he flies from Vancouver to join the family arriving on Tuesday.

Canada

With the great emphasis on indigenous people and survivors of the residential school system this week, please pray that many will find true reconciliation through Jesus.

Because Jesus lives we can face life today, tomorrow, and forever,
