### **Prayer for Covid Crisis**

Julie Edler sent the following requests for Haiti but they apply to all the places where medical services are limited at the best of times.

Pray that people will follow the advice given.

We know it is impossible for people to stay home in Haiti (many areas of poverty); most people have no electricity or running water. Pray that older people, vulnerable people and those with pre-existing conditions will be able to stay home.

Pray for God's protection over the poor. They can only buy food for one meal at a time.

Pray for doctors and nurses who do not have the supplies necessary to protect themselves or treat patients.

Pray that somehow supplies will be sent to Haiti and other areas where poverty abounds.

Pray that in the midst of yet another crisis, many would turn to Jesus.

Because Jesus lives we can face life today, tomorrow, and forever,
