OMS Supporter, Henny

Hendrika (Paul) Spoelstra in Ontario would like it if we lift up her prayer request for complete healing of her left side due to a stroke in September 2019. She currently has Personal Support Workers daily to aid in her recovery.

Professionals Overseas, P

P and his family have tickets to fly to Canada on May 30. Pray for safe travels, good connections and a special time of renewal as they self-isolate in Ontario for 14 days.

Praise God that their son had a good senior year in his new high school, despite not being with classmates from his K-11 years. Ask for God's direction in his choice of university and his adjustments to life in Canada.

Helmut and Tina Markeli, Retired

Ro, one of our former students on the South Pacific field, recovered from COVID and tested negative. But a follow up test came up positive. He has been in isolation for three months and is discouraged. Ask God to make turn this time of isolation into a time of blessing and that God will soon release him back into ministry among people who do not yet know the Saviour.

Pray for the re-registration of the NGO that oversees the seminaries and sponsors foreign workers on the South Pacific field. This is a critical issue for the future of the field.

Because Jesus lives we can face life today, tomorrow, and forever,

Tina Markeli
